Introduction

This document is an introduction in the use and functionality of the Mobile Web Client,v1 released with farmerswife v5.2.

Compatibility / Reach

Android / iOS/ Windows Phone / Desktop / Blackberry. Currently optimized for **Chrome Browser and Android Phones and Tablets**. The goal is that it should work in any device with a **modern** Browser

How to install it

Add to Home Screen on iPhones (Safari Browser)

- Go to url: <http://yourcompanyurl:26000/mobile/>
- Click on 'Share Button' / Add to Home Screen
- Video Explanation: <http://www.youtube.com/watch?v=4ORiY5SG-HA>

How to install in your Android (Chrome Browser)

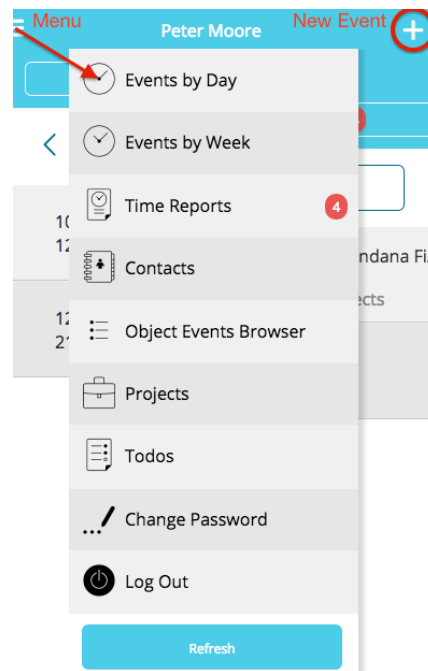

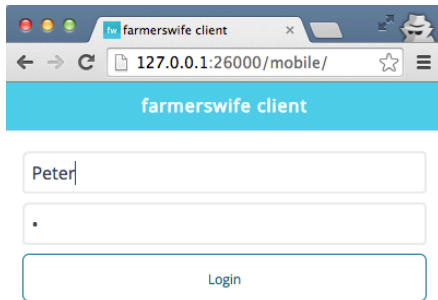

- Go to url: <http://bunker.farmerswife.com:55004/mobile/>
- Click on 'Menu Button' / Add to Home Screen

Features

This application is based in iOS functionalities; basically everything developed should work identically than in iOS.

There are some changes in design and user experience due to the different technologies used.

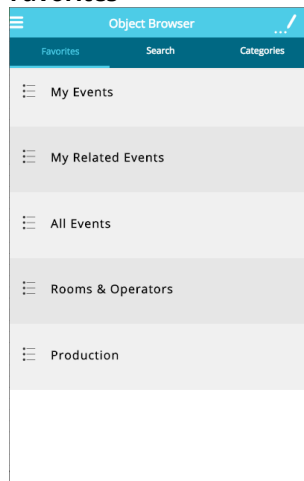

Login & Change Password; Menu

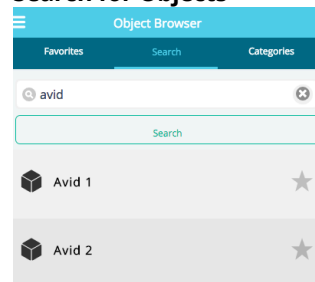

Object Events Browser / Viewing

- You can navigate through Objects and see what bookings they have
- Click on Menu, browse by:
 - o Favorites
 - o Search for Objects, Object Classes, Views, Categories.
 - o Browse by Categories
 - o Show shared: Views (All Day, DayPlan....)
 - o **'Browse View'** not supported

Timereports

- Timereports Not Done and Recent
- Tabs Involved, Breaks and Extras are supported
- [Travel Expenses – separate module]

Show Pending / Recent List

The screenshot shows a mobile app interface with a header bar containing a menu icon, the title 'Timereports', and a plus icon. Below the header, there are two tabs: 'Show Not Done' (active) and 'Show Recent'. The list displays three items:

- News Planning Example using 'Frameworks'... Super Channel, Monday 20th October
- News Planning Example using 'Frameworks'... Super Channel, Monday 20th October
- Mallorca 365 Spot - Golf & Gourmet • Shoot Dunderklump, Tuesday 21st October

Each item has a right arrow icon.

127.0.0.1:26000/mobile/#

Report on involved users time

The screenshot shows a mobile app interface with a header bar containing a close icon, the title 'News Planning Example using 'Frame...', and a 'Save' button. Below the header, there are four tabs: 'Involved', 'Breaks', 'Extras', and 'Note'. The 'Involved' tab is active, showing a list of users with their status and time in/out:

- All Involved: Time In: 6:00, Time Out: 9:00
- HD Cam 1: Status icon, checkmark
- Small Car: Status icon, checkmark
- Peter Moore: Status icon, checkmark

127.0.0.1:26000/mobile/#

Report on all or single users

The screenshot shows a mobile app interface with a header bar containing a close icon, the title 'News Planning Example using 'Frame...', and a 'Save' button. Below the header, there are four tabs: 'Involved', 'Breaks', 'Extras', and 'Note'. The 'Involved' tab is active, showing a list of users with their status and time in/out:

- All Involved: Time In: 6:00, Time Out: 9:00
- HD Cam 1: Status icon, checkmark
- Small Car: Status icon, checkmark
- Peter Moore: Status icon, checkmark

Below the list, there is a section for 'Time In for All 6:00' with a digital clock display showing 5:00. Below the clock, there are two buttons: 'Today' and 'Cancel'.

Add Break / name

The screenshot shows a mobile app interface with a header bar containing a close icon, the title 'News Planning Example using 'Frame...', and a 'Save' button. Below the header, there are four tabs: 'Involved', 'Breaks', 'Extras', and 'Note'. The 'Breaks' tab is active, showing a form with a text input field containing 'coffee', a 'Break Description' field, and a 'Done' button.

Add Break Time

The screenshot shows a mobile app interface with a header bar containing a close icon, the title 'News Planning Example using 'Frame...', and a 'Save' button. Below the header, there are four tabs: 'Involved', 'Breaks', 'Extras', and 'Note'. The 'Breaks' tab is active, showing a form with a text input field containing 'coffee', a 'Time In: 12:00' field, a 'Time Out: 13:00' field, and an 'Add Break' button.

127.0.0.1:26000/mobile/#

Add Extras

The screenshot shows a mobile app interface with a header bar containing a close icon, the title 'News Planning Example using 'Frame...', and a 'Save' button. Below the header, there are four tabs: 'Involved', 'Breaks', 'Extras', and 'Note'. The 'Extras' tab is active, showing a form with a text input field containing 'Add Extra', a list of items with a '1' and 'TAXI' label, a '50USD' field, and 'Delete' and 'Done' buttons.

127.0.0.1:26000/mobile/#

Add Day Note

The screenshot shows a mobile app interface with a header bar containing a close icon, the title 'News Planning Example using 'Frame...', and a 'Save' button. Below the header, there are four tabs: 'Involved', 'Breaks', 'Extras', and 'Note'. The 'Note' tab is active, showing a form with a text input field containing 'this is the Booking > |Time Report Day Note'.
